Does your current insurer:

- **Carry out comprehensive, personalised cover searches that match your needs?**
- **Do they offer you more than two options to insure your vehicles with?**

What are the next steps?

Step 1:

Talk to us anytime; if you're a new CTA member, coming up for renewal, or just looking for better service mid-term.

Step 2:

On average it takes no more than **20 minutes** to complete an initial fact-finding call with our friendly team who will explain your options. These will differ depending on your situation.

Brand new startup?

We waste no time in searching the market and sharing the best, tailored options for you and your needs in the immediate and long term.

Due for renewal?

We will require a copy of your 'fleet claims experience' or 'confirmed claims experience' (different names, same document) from your current insurer.

They may delay in providing this document, but we advise you to persist, this is your information, you are entitled to it and ultimately you will need it to obtain insurance quotations in the future.

If you're mid-way through a policy

You've the option to transfer your policy to us, **free of charge** and will immediately benefit from access to our service team based in our office, over the phone, email and via WhatsApp.
