Volunteers; the questions

- How do we attract volunteers? Where do we find these paragons of virtues?
- How do we attract the right volunteers?
- How do we keep those amazing volunteers?

Covid

- Increased volunteers...why?
- Was it short/long term?
- Can we learn anything?

The issues

- Costs
- Interest
- Fatigue ; volunteer/charity
- Age

The solutions?

- Know why people volunteer
- Know what the “offer” is for them
- Keep them involved
- Costs; *if only I had a wand and could wish....*
- Rewards?
- DfT Consultation? Will it help? Or not?

DfT Consultation; the questions

- **Would you support the removal of the requirement to obtain a D1 licence test to drive a minibus?**
- What additional stipulations would you recommend?
 - A mandatory requirement to undertake additional training such as MiDAS
 - A minimum age requirement (above that of a B licence)
 - Compulsory medical requirements
 - Compulsory conduct requirements
 - Renewal requirement (with medical and conduct requirements)
 - Another stipulation or stipulations:
- Would you support these ‘additional stipulations’ applying to individuals:
 - when driving a vehicle under a section 19 or 22 permit?
 - when driving a vehicle under a PSV ‘O’ Licence?
 - at other times when driving a minibus?

Thoughts on this ?

Will allowing B drivers to drive D1 vehicle's work?

What about;

- Safety?
- Cost effectiveness?

Thoughts on this ?

Will it help increase volunteer numbers?

- Busy lives?
- Second jobs
- Time?

Please note I'm asking...not answering these questions...that's up to you! 😊

Volunteers; the questions...have we answered them?

- How do we attract volunteers? Where do we find these paragons of virtues?
- How do we attract the right volunteers?
- How do we keep those amazing volunteers?

The End! Any last questions?
