# energy saving trust

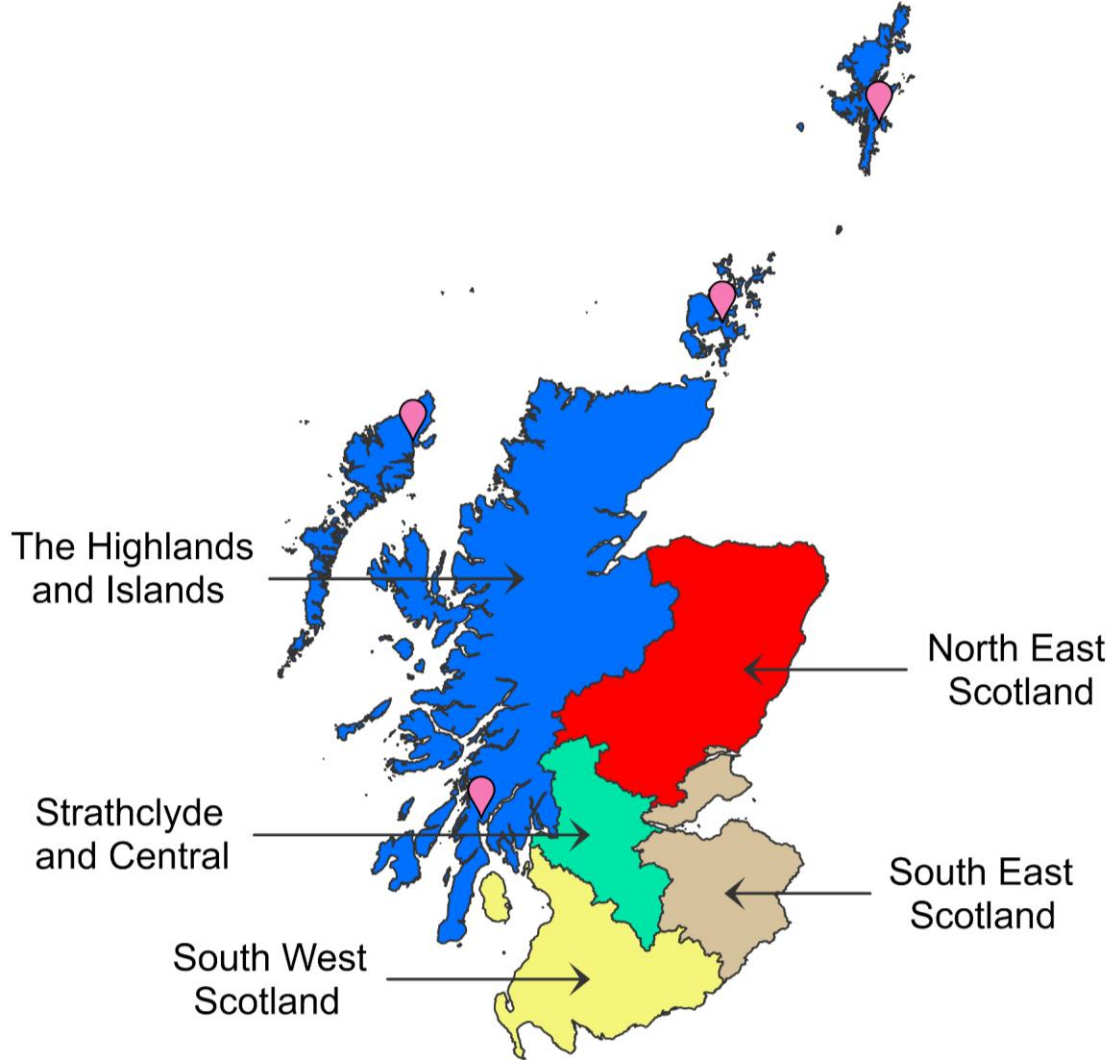

*Energy Saving Trust is an independent organisation dedicated to promoting energy efficiency, low carbon transport and sustainable energy use to address the climate emergency.*

We administer programmes on behalf of the Transport Scotland, an agency of the Scottish Government, supporting businesses, households and communities in Scotland in transitioning to electric vehicles and shifting towards active travel.

# What does Energy Saving Trust offer Scotland?

- Low Carbon Transport Business Loan.
  - 0% interest loan to purchase new electric and hydrogen vehicles.
- Used Electric Vehicle Business Loan
  - 0% interest loan to purchase used Electric vehicles.

  - 0% interest loan to purchase ebikes up to £3,000 and cargo or ecargo up to £6,000.
- ebike Grant fund
  - Grant funding that supports the purchase of a range of ebikes for ebike trial projects.
- Low Emission Zone funding for Businesses
  - £2,000 to support the disposal of non-compliant vehicles in the Low Emission Zones.
- Charge Point funding for Businesses
  - Grant funding for installation of electric vehicle charge points.
- Advice and business support through Home Energy Scotland
  - Fleet reviews and Vehicle Comparison Reports

# Advice range for the Transport Coordinators

# Plugged in Communities

Launched in 2021 the project supports community led transport organisations.

Administered by Energy Saving Trust and funded by Transport Scotland

Provides 100% grant funding towards Community Transport operators purchasing a new Zero-emission.

So far, we have supported 38 organisations purchase 52 vehicles across three rounds of funding.

Currently closed but organisations can register their interest and be contacted should further rounds launch.
